## **WHAT SETS US APART?**

- **24/7 On-call technicians standing by to assist with your emergency needs**
- **Certified mold remediation firm**
- **Certified structural drying specialists**
- **NADCA Certified Firm**

## **DRYING SOLUTIONS INTRODUCES ITS NEW SERVICE LINE:**

Drying Solutions is excited to introduce the latest addition to an already varied selection of services offered in Hampton Roads - Property Preservation.

With properties sitting on the market longer than they have in the past, they are vulnerable to the wear and tear of neglect. This affects the value of the property, and its potential for quick sale in an already difficult market.

By employing Drying Solutions specialists to watch over your properties you are better prepared to identify issues involving moisture and/or mold. These issues can cause potential damage in an unoccupied property if they go unnoticed. We provide water damage assessments and around the

clock assistance for emergency services.

### **What sets DSI apart?**

- **In house mold and moisture inspections and mold remediation services**
- **HVAC system inspection and cleaning**
- **Water damage assessment with 24-hour emergency mitigation services**
- **DSI is a certified firm with The Clean Trust (formerly IICRC), & NADCA.**

DSI's clients include local municipalities, school systems and medical facilities, as well as property management firms.

**Call us** today to discuss the services that we offer and how we can assist you in maintaining your properties.
